

ERP-ONE+

EXTENDED PROFILE

OVERVIEW

ERP-ONE+ is a comprehensive ERP software package for large to mid-size wholesalers and distributors needing a fully interconnected business system providing ease of navigation and immediate access to all related sales and customer data. Cloud and On-Premise ERP-ONE+ includes all the features distributors require to automate their processes: Order Entry, CRM, and Financial Management to Inventory & Warehouse Management and Purchasing activities. ERP-ONE+ also provides frequently requested features like QC Tracking, RF Scanning, Kitting/Assembly, VMI (Vendor Managed Inventory), Lot Control, Dashboard analytics, and supplemental components like Amazon connectivity, E-Commerce integration, Credit Card processing, Mobile Applications, EDI (Electronic Data Interchange) and API (Application Program Interface), Wireless Warehousing, and shipping integrations.

Utilizing 64-bit architecture, ERP-ONE+ is a fast, user-friendly software suite that can be fully integrated with other business applications such as Microsoft® Office. Reaping the benefits of over 2000 component programs, ERP-ONE+ users experience streamlined functionality and data access and accuracy.
