

# DELTEK MACONOMY EXTENDED PROFILE

**Deltek**

## OVERVIEW

Deltek Maconomy is a project-based ERP solution developed by Deltek and designed specifically for professional services firms, including consultancies, engineering practices, and architecture firms. The system provides a high standard of automated reporting and real-time financial and operational insight, supporting the full lifecycle from opportunity management and project delivery through to finance and management oversight.

There are two core components: Deltek Maconomy Business Performance Management and Touch Time for Maconomy.

- Touch Time functionality provides secure, mobile access to time entry and approval workflows from Android and iOS devices, enabling consultants to record time as work is performed rather than retrospectively.
- The Business Performance Management tools provide a centralized business intelligence layer, delivering up-to-date, reliable data across finance, projects, and resource management and integrating with widely used third-party applications, including Microsoft Office. Reports are available in a wide variety of formats and can be configured through role-based, customizable dashboards.

All Deltek Maconomy software is available in multi-currency and multi-language configurations, supporting international professional services organizations, and integrates tightly with the Microsoft ecosystem, including Microsoft SQL Server, SharePoint, and other Microsoft technologies.

Companies that have implemented Deltek Maconomy ERP software include Canadian IT support company Greycon, global water management company Deltares, and Midwest USA accounting consultancy business Boulay Heutmaker Zibell and Co. Deltek Maconomy pricing is typically provided on a quote basis, reflecting factors such as deployment model, number of users, and required modules, which allows organizations to align costs with their operational complexity and growth plans.

## SOFTWARE SCREENSHOTS

The screenshot displays the Deltek Maconomy Resourcing interface. The top navigation bar includes the Deltek logo, the user name 'My Demo Jobs', and a search bar. The main header shows the project name 'MyDemoJob 1020100' and the user 'LE90 A/S 10024'. Below this, there are filters for 'Assign Resource', 'No Data Limitation', 'No capacity filter', 'All Assignments', 'Probability 100%', 'All levels', 'Book Recurring', 'Under/Overspent', and a time range of '2 years from Aug 2023'. The interface is split into two main sections: a table on the left and a Gantt chart on the right.

Name	Budget	Allocated	Var	From	To
MyDemoJob	915	825	90	8/1/2023	3/1/2025
Time	915	825	90	8/1/2023	4/29/2024
Requirement specification	90	0	90	12/1/2023	1/29/2024
Sean Williams					
Workshops	50	50	0	8/1/2023	12/1/2023
Solution construction	75	75	0	12/1/2023	2/28/2024
Solution testing	200	200	0	12/1/2023	3/30/2024
Training	500	500	0	2/28/2024	4/29/2024
Outlays	0	0	0	6/2/2024	3/1/2025
Hotel	0	0	0	6/2/2024	3/1/2025

The Gantt chart on the right shows a timeline from August 2023 to October 2024. It includes bars for 'Requirement specification' (Dec 2023 - Jan 2024), 'Workshops' (Aug 2023 - Dec 2023), 'Solution construction' (Dec 2023 - Feb 2024), 'Solution testing' (Dec 2023 - Mar 2024), 'Training' (Feb 2024 - Apr 2024), 'Outlays' (Jun 2024 - Mar 2025), and 'Hotel' (Jun 2024 - Mar 2025). A mouse cursor is hovering over the 'Requirement specification' bar, showing a value of 45 in the Dec 2023 and Jan 2024 cells.
