

APTEAN FOOD & BEVERAGE ERP BCFOOD EDITION EXTENDED PROFILE

Ready for What's Next, Now®

OVERVIEW

Aptean Food & Beverage ERP bcFood Edition is a complete ERP system from Aptean designed specifically to support the unique needs of food manufacturers, processors, and distributors both small and large.

Aptean Food & Beverage ERP bcFood Edition is built on Microsoft Dynamics NAV, the best-selling ERP application in the world. NAV is similar to (and integrated with) Microsoft products such as Excel, Word, and Outlook. Thanks to this familiar and intuitive interface, new users will discover a solution that is easy to learn. NAV supports any multi-company, multi-currency, and multi-language requirements that exist within an organization, and its unparalleled scalability makes easily configurable for 5 or 500 users.

The available functionality spans many different business areas, including ERP, supply chain and warehouse management, EDI, CRM, and reporting/business intelligence. NAV can be installed on-site, hosted, or accessed from the cloud. It is a great fit for organizations looking for a stable, reliable ERP solution that minimizes IT overhead while providing accurate, relevant data.

Aptean Food & Beverage ERP bcFood Edition expands upon NAV's functionality, offering quality control features, advanced notifications, workflow capabilities, recipe definition, and more. The application supports real-time visibility into all transactions, and the ease with which information can be retrieved results in a truly relational data model with completely paperless functionality.
