

ACCESS COINS ERP EXTENDED PROFILE

OVERVIEW

Access Coins ERP is a purpose-built construction cloud ERP designed to bring key project, financial, and operational data into a single, unified platform.

Coins supports the entire lifecycle of construction activities, from planning and execution to accounting and reporting. Designed for both small contractors and large civil engineering firms, it helps teams stay aligned while providing managers with clear, real-time insights into performance and profitability.

COINS ACQUISITION

In December 2022, The Access Group completed its acquisition of COINS (formerly Construction Industry Solutions) to accelerate its global ERP growth in the construction sector.

COINS brought over 40 years of industry-focused software experience and more than 100,000 users worldwide into the Access portfolio, creating deeper end-to-end capabilities across project controls, finance, and field operations.

KEY FEATURES

- **Integrated Project Controls:** Track budgets, commitments, and variations in real time.
- **Financial management:** Handle general ledger, accounts payable/receivable, and cash flow forecasting within the same system.
- **Procurement & supply chain:** Automate purchase orders, supplier evaluations, and inventory levels to reduce delays on site.
- **Payroll & HR:** Process payroll, manage certifications, and monitor workforce allocation without switching between tools.
- **Mobile & cloud access:** Field staff update project progress or materials usage from tablet or phone, tying directly back to your central Coins ERP database.
- **Reporting & dashboards:** Choose from prebuilt reports or configure your own dashboards to focus on the metrics that matter for each role.
- **Regulatory compliance:** Built-in support for local tax rules and international accounting standards helps teams stay audit-ready
